PROFESSIONAL SUMMARY

Results-focused Frontend Developer and Computer Science undergraduate with hands-on expertise building responsive, accessible web applications using HTML5, CSS3, JavaScript (ES6+), and C++. Proven capability in DOM manipulation, asynchronous REST APIs, and responsive layout architectures. Backed by solid foundations in Data Structures and Algorithms, seeking a Frontend Developer or Web Development Intern role to deliver performant client-side solutions.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), C++, HTML5, CSS3
Frontend Engineering:	Responsive Design, CSS Grid, Flexbox, DOM Manipulation, Event Handling, Cross-Browser Support
Backend (Learner):	Node.js, Express.js, MongoDB, RESTful APIs, Asynchronous Programming
Tools & Workflow:	Git, GitHub, VS Code, Chrome DevTools, Linux/Command Line
Core Fundamentals:	Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

INTERNSHIP EXPERIENCE

Web Development Intern — Skill Nexis June 2026 – July 2026

- Architected and deployed responsive UI modules using semantic HTML5, CSS3 Grid/Flexbox, and vanilla JavaScript, boosting client-side layout consistency across diverse device screens.
- Engineered dynamic browser interactions and optimized event listeners, ensuring clean DOM lifecycles and minimal render recalculations.
- Employed Git version control and modern code organization standards to manage modular codebase updates and feature branches.

PROJECTS

Personal Developer Portfolio | HTML5, CSS3, JavaScript, Git Project Link / Live Demo

- Designed and launched a modern, accessible web portfolio presenting technical projects, skills, and resume milestones with zero external dependencies.
- Created smooth navigational transitions, interactive project previews, and fluid mobile layouts, achieving high Google Lighthouse performance scores.
- Applied clean CSS architecture and optimized image assets to maintain fast initial load and time-to-interactive (TTI) benchmarks.

Interactive Web Applications Suite | JavaScript (ES6+), HTML5, CSS3, LocalStorage GitHub Repository

- Built modular browser utilities including a Task Manager with LocalStorage persistence, a dynamic Calculator, and an interactive Image Carousel.
- Constructed a robust client-side Form Validation system with regular expression (Regex) checks, rendering real-time error states without page refresh.
- Utilized event delegation, clean closure scopes, and functional programming patterns to write scalable, easily maintainable UI components.

EDUCATION

Lakshmi Narain College of Technology and Excellence (LNCTE) Bhopal, MP | 2024 – 2028
Bachelor of Technology (B.Tech) in Computer Science & Engineering • **CGPA: 8.07 / 10.0**

Excellence School Damoh, MP
Higher Secondary Certificate (Class XII) • **Score: 88.8%**

CERTIFICATIONS & CREDENTIALS

- **Web Development Certification** — Skill Nexis (Credential ID: SNX-00080-26)
- **Data Structures & Problem Solving in C++** — Foundational Coursework & Practice
